DETAILED ACTION

Response to Amendment

Applicant's amendments to the claims, filed 2/22/2006, in conjunction with a request for continued examination are accepted and appreciated by the examiner. In response to applicant's amendment and after further searches and review of the prior art, examiner believes that the application is in condition for allowance. Prior art of record was not found to disclose or suggest purposefully introducing parts known to be defective in the training of a neural network.
